

July 2007 Kudos

Before I send out the Kudos, I would like to make a correction to last months Kudos:

Thank you to Ray Moore for spending hours power washing the walk in cooler. My apologies for the error.

For July's Kudos, I would like to thank the following people for coming out and enduring the rains during the June Activity weekend:

To Peter for finishing up the Casual Camper kiosk.

To Dan M. for filling in the ruts and reforming the gravel to help the flow of rain water in the newly laid gravel going up the road to the Hazmat shed.

To Larry P. for all the trimming around the Landsite using the ole faithful swisher.

To Guy Jones with Discipline Corps and the two first timers from the HOT Bears(sorry, do not remember the names) for moving the brush from Bob W.'s place to the fire pit.

To Dale A. for purchasing a new V-belt to replace the one that broke on the swisher and to Larry and Dan for replacing the belt.

To Dale A. for the purchase of a key lock box and installing it in the TCC office.

To Ken W. for mowing and trimming around the Landsite.

Suggested activities for the July Activity Weekend

Wash grease vents over stove

Spray property with insecticide – Brian will perform this task

Fill in the ruts in the road at the entrance of the Landsite

Clean out the ditches of accumulated leaves from all the rains

Smooth out and fill in ruts in gravel from all of the recent rains

Clean air conditioners and filters in:

- Shower room
- Bunkhouse
- TCC trailers
- Pole Barn dressing room
- Restroom
-

Perform maintenance on the mowers and weed trimmers

Tighten and oil the hinges on the hot water heater room door behind the showers.

Requested items to be purchased or donated:

If anyone would be kind enough to donate any of the following items, it would be appreciated.

Landscape lighting transformer and lights to be installed at the bridge by the pool going to the Mill's Landing path. The timer on the current transformer does not work.

3/16th" trimming line for the swisher

Rental of a stump grinder to remove old stumps

Electric or gasoline powered leaf blower
