Tasks for May Activity Weekend

With Lonestar19 taking place the following weekend, we need to concentrate on collecting brush, raking, trimming and mowing making our Landsite presentable to our guests.

Also items needing attention are:

Treated septic system with Rid-X

Spray weed killer in gravel area

Vacuum and clean Bunkhouse and TCC trailer

Lime-away shower head faucets

Check sink and shower faucets for good cut off

Check fire extinguishers in kitchen, behind shower room and in Bunkhouse

Check for burned out bulbs in Pole barn and dressing room

Check lights on Buzzard's Peak path

Delegates, please ensure the suggested tasks and activities are communicated to your membership. Lonestar19 is the major fundraiser that will help us maintain and improve our Landsite thus increasing our membership. Thanks and hope to see everyone next weekend!
