

Things to be done at the June Activity Weekend:

Clean Path going up to Buzzard Peak

Clean Path going up to Buzzard Peak

Clean Path going up to Buzzard Peak

Clean Path going up to Buzzard Peak

Power wash grease filters over stove.

Mow where needed

Weedeat where needed

Need a truck or two to take a load of cans to the recyclers in Rockdale

Clean out ditch next to culverts so the water can run through and not over the road

Need someone to cut down some small trees that are dead next to a few campsites. (See Brian)

Place drain hose from ice machine into waste water drain pipe

Repair a small leak on the center left toilet, I think between the tank and the seat.

Did I mention?

Clean Path going up to Buzzard Peak

(Best way to do this is to load all equipment in the back of a truck, drive up to the peak and work your way down)
